SEND REFORMS ALL MEANS ALL INCLUSION PLAN

Wolverhampton's All Means All Inclusion Plan is our local plan for delivering SEND reforms and improving outcomes for cyp with SEND. We are seeking expressions of interest from representatives across education settings, who would like to help shape and deliver the plan. Your experience will help ensure that new approaches, guidance and support are practical, effective and meet the needs of settings across the city. There will be a range of opportunities to get involved. To find out more about the plan, visit: [Delivering SEND Reforms in Wolverhampton](#) To register your interest in getting involved, visit: [Help Shape SEND Services in Wolverhampton](#) If you have any questions, please contact Nicola.Harris2@wolverhampton.gov.uk.

INCLUSION CHARTER: ALL MEANS ALL

Our City of Wolverhampton Inclusion Charter was launched at the Inclusion Conference in November 2025. It sets out Wolverhampton's shared definition of inclusion, why it matters, and the lifelong impact it has on children and families. The Charter has been co-produced with children, young people, families and professionals, and it reflects what young people themselves have said about how it feels to be included. It also outlines commitments for schools and services to work together to ensure every child and young person is included so that they can belong, thrive and achieve. The Inclusion Charter can be found on Wolverhampton's local offer here: [Inclusion Charter - All means All | Wolverhampton SEND Local Offer](#) and on the WISE website: <https://www.wolverhampton.gov.uk/education-and-schools/wolverhampton-inclusive-schools-everyone>

PARENT/CARER CONSULTATION SERVICE

The EPS is continuing to offer free remote consultations of up to 30 minutes for parents/carers who live in Wolverhampton. Parents/carers can make direct requests for support via the Educational Psychology Service website, by completing the form on the flyer, or by calling our Service administrators (01902 550609). Other professionals can also make a request on parents/carers behalf with their consent.

EMOTIONAL LITERACY SUPPORT ASSISTANT (ELSA)

The Educational Psychology Service is pleased to report on the success of our ELSA training program. We now have 30 trained ELSAs, who are providing valuable support to hundreds of pupils across the local authority. These dedicated professionals are having a positive impact on children's social and emotional well-being through evidence-based interventions. ATTUNE

EMOTIONAL HEALTH AND WELLBEING ACTION PLAN FOR EDUCATION

We are now in the third year of having an Emotional Health and Wellbeing Action Plan for Education. Key actions that were completed last year include the development of policy guidance for education settings, the further development of the EHWB toolkit <https://storymaps.arcgis.com/stories/1db37ce42d7d447b991fe026bccf0097> and further development of the Education Wellbeing Network. The focus for the current academic year 2026-27 is on re-shaping the specialist support offer, improved signposting to evidence based targeted interventions for EHWB in schools, and the co-production of universal EHWB E-Learning to ensure the wider workforce take a consistent approach to promoting wellbeing and responding early to wellbeing concerns. Updates will continue to be shared through the Education Wellbeing Network and PHSE Network.

CONSULTATION MODEL OF SERVICE DELIVERY

Wolverhampton EP Service continues to deliver support through a consultation model of service delivery. This ensures that any work is effectively prioritised and agreed. Parents/carers and school staff have invaluable insight and experience in relation to their children and young people, and so any actions, interventions and support offered from the EP Service, will be identified and agreed jointly. Our time is often spent working with adults who provide support to individual children and young people and will require us having time protected to meet and consult with key staff in school.

EMOTIONALLY BASED SCHOOL NON-ATTENDANCE (EBSNA) PATHWAY

There are a range of options on offer for education settings, professionals and families to support use of the EBSNA Pathway and develop knowledge and practice.
